

# Environmental Performance Indicators

## Regulatory Compliance

### Ahresty Annual Environmental Activity Plan

#### ENVIRONMENTAL ACTIVITY PLAN - 2025

Ahresty Wilmington Corporation  
2627 S. South Street  
Wilmington, Ohio 45177

Action Item Number	Regulatory Program	Action Item(s)	Record(s) or Resource(s) Needed	Resp.	Future Due Date
1	Waste Characterization	Send baghouse dust to AAL for analyzing. Send the results to Rumpke.	AAL Waste Characterization	EHS	3/31/2025
2	Waste Characterization	Send refractory brick to Rumpke.		EHS	4/18/2025
3	Waste Characterization	Send sludge (Facilities) to Pace for analyzing. Send the results to Rumpke.	AAL Waste Characterization Results	EHS	Next Analysis Due by: 12/11/2029

All 2024 regulatory tasks have been completed as scheduled. All 2025 items are on schedule to be completed.

## 2025 Environmental Targets and Objectives

EHS Plan			
No.	Hoshin Priority Issues:	KPI	Target values
A3-3-3	Gain profit through energy saving activities and further accelerate CO2 reduction activities	① Fuel Unit Cost	597 kg-CO2 / ton good parts (8% reduction)
		② DC Electricity Unit Cost	1,694 kWh / ton good parts (1% reduction)
		③ MC Electricity Unit Cost	31 MWh / ton MC chips (33% reduction)
B-1	Promote reduction of waste	B1 Tab - kg of landfill waste / ton good parts	5% compared to FY24 (29.0 kg landfill waste / ton good parts)
C-2	Reduce the amount of water used in the process	C2 Tab - m3 water / ton good parts	4% compared to FY24 (9.30 m3 / ton good parts)

## 2024 Environmental Goal Results

EHS Plan				
No.	Actions of Department (Office, Plant)	Control items	Target values	Result
1	Reducing CO2 Emissions	Monthly CO2 emissions	2.8% Reduction from FY23 (1,691 t-CO2)	Target Not Achieved
2	Saving resources by reducing water and waste.	Reduce Water Output	5% Reduction from FY23 (2,254,015 gal. of water)	Target Not Achieved
		Reduce Waste to Landfill Output	5% Reduction from FY23 (98,138 lbs. of waste)	Target Achieved
